#### **General Information**

Suppliers of diesel fuel use this tax return to report the Diesel Fuel Tax due on (undyed) diesel fuel. The Diesel Fuel Tax is imposed on the following activities: removal of diesel fuel from a refinery or terminal rack; importation of diesel fuel outside the bulk transfer/terminal system; removal or sale of diesel fuel to an unlicensed person unless there was a prior taxable removal, entry, or sale; and removal or sale of blended diesel fuel outside the bulk transfer/terminal system. All transactions involving these activities are subject to tax unless the transaction meets one of the exemptions allowed in the Diesel Fuel Tax Law. Dyed diesel fuel is not subject to tax unless it is used to operate a motor vehicle on a highway; however, it is subject to all of the reporting requirements applicable to undyed diesel fuel.

**NOTE:** Effective July 1, 2011, the diesel fuel tax rate may be adjusted annually. Due to this annual rate adjustment, you may have transactions at several different rates. The effective date of any future rate change will be July 1.

If you are interested in filing your *Supplier of Diesel Fuel Tax Return* electronically with BOE, please contact the BOE at 800-400-7115 (TTY:711) or visit our website at *www.boe.ca.gov/elecsrv/efiling/efilemotorfuels.htm* for more information.

To obtain the latest information on any product codes or if you need help completing this form, please call us at 800-400-7115 (TTY:711) or visit the BOE's website at <a href="https://www.boe.ca.gov/sptaxprog/spftdmfuels.htm">www.boe.ca.gov/sptaxprog/spftdmfuels.htm</a>.

#### Filing Requirements

You must file a tax return with the BOE on which you report, on a monthly basis, activities such as importing and exporting above and below the terminal rack, blending, and refinery or terminal rack removals of diesel fuel in this state. You are also required to report jet fuel and kerosene imported, exported, and sold during the reporting period. The return and your payment, made payable to the **State Board of Equalization**, for the amount due must be submitted on or before the last day of the calendar month following the reporting period to which it relates. Paying your tax or filing your return after the due date may result in interest and penalty charges. You must file a return even if no tax is due for the reporting period. Your tax return is not considered valid unless it is signed and dated in the space provided at the bottom of the first page. **To prepare the return, you must first complete the applicable schedules and the Tax Computation Worksheet.** 

#### **Accountability**

It is important that you report all transactions that you are required to report on this return and the supporting schedules. The BOE will be comparing your total rack removals, as reported by terminals, against removals reported by you. Your imports of products will be compared to exports reported to the BOE by other states. Failure to report fully may result in the BOE contacting you to determine why your reports differ from reports submitted by third parties, such as the terminal operators.

#### **Preparation of Schedules**

There are two types of supporting schedules included with every Supplier of Diesel Fuel Tax Return; a standard Receipt Schedule and a standard Disbursement Schedule. For detailed information regarding the use and preparation of these schedules, see BOE-810-FTE, Instructions for Preparing Motor Fuels Schedules, available on our website at www.boe.ca.gov/sptaxprog/pdf/boe810fte.pdf.

#### **Preparation of the Tax Computation Worksheet**

The Tax Computation Worksheet is provided to assist you in calculating the tax due and completing your return. (This worksheet should be kept with your records. **Do not send the worksheet with your return.)** Add the totals from column 11 on each of the schedules for diesel fuel to determine the total gallons to be included in each column of the worksheet. Refer to BOE-810-FTE, *Instructions for Preparing Motor Fuels Schedules*, for detailed instructions on the use of and reporting requirements for each schedule.

- **Line 2.** These are the current and prior year tax rates for diesel fuel.
- **Line 3.** For columns A and B, multiply line 1 by line 2 for each column and enter the result in the appropriate column on line 3.
- Line 4. Enter the total tax due or refund claimed by adding columns A and B of line 3.
- **Line 5.** If you pay the tax due on line 4 or file your return after the due date shown on the front of this return, you owe a penalty of ten percent (0.10) of the amount of remaining tax due. Multiply the tax due on line 4 by (0.10) and enter here. Returns and payments must be postmarked or received on or before the due date of the return to be considered timely. If the due date falls on a Saturday, Sunday, or state holiday, returns postmarked or received on the next business day will be considered timely. Businesses required to pay diesel fuel tax by electronic funds transfer (EFT) may also be subject to a 10 percent penalty for failure to pay by EFT (payment by check, for example). However, 10 percent is the maximum penalty applied to late returns and payments.
- **Line 6.** If you are paying your tax on line 4 after the date shown on the front of this return, you will owe interest. The interest rate noted on the front of this return applies for each month, or fraction of a month, that your payment is late. Multiply the tax due on line 4 by the interest rate shown, then multiply the result by the number of months, including any fraction of a month, that has elapsed since the due date and enter here.
- **Line 7.** Enter the total amount due and payable by adding lines 4, 5, and 6. *If claiming a refund, enter the amount of refund claimed from line 4 as a negative number.*
